

Smart Flip Down TV Ceiling Mount

From Ceiling to Screen, Effortlessly.

Bring smart, space-saving viewing to modern interiors with the Brateck PLB-M0546AI Smart Flip Down TV Ceiling Mount. Its motorized flip-down design keeps the screen neatly stored overhead when not in use and brings it into viewing position when needed.

Smart Flip-Down Design

Stores the TV overhead when not in use to maximize space and keep the screen safely out of the way.

Large TV Compatibility

Designed to accommodate most TVs from 32" to 70", making it suitable for a wide range of home and commercial installations.

Space-Saving Design

Uses otherwise unused ceiling space to keep walls and floors clear, making it ideal for rooms where space efficiency matters.

Smart Flip Down TV Ceiling Mount

From Ceiling to Screen, Effortlessly.

Powered by TUYA, it adds smart convenience to homes, meeting rooms, hospitality spaces and other environments where flexible TV placement and efficient use of space matter.

Features

Powerful Motor

Provides strong, stable and dependable movement for smooth everyday operation.

Precision Leveling Adjustment

Allows fine adjustments after mounting to help achieve a perfectly aligned TV.

Smart Voice Control

Move the television into position with a simple voice command for effortless hands-free control.

Tuya App Control

Adjust the TV mount conveniently from your compatible smart device using the Tuya App.
