

POS Mounting For Dual Screens

Designed to Keep Business Moving.

Built for efficient point-of-sale environments, the Brateck Dual-Screen POS Mounting Solution combines two 17"-32" displays with an integrated keyboard tray in one clean, organized workstation.

Dual-Screen Support

Supports two 17"-32" monitors to create a more efficient workspace for multitasking, transactions and everyday POS operations.

Integrated Keyboard Tray

Keeps the keyboard comfortably within reach while helping maintain a cleaner and more organised counter area.

Space-Saving Design

Combines screens and essential peripherals into one streamlined setup helping maximise valuable counter space.

POS Mounting For Dual Screens

Designed to Keep Business Moving.

Supporting up to 9kg per screen, it helps maximize counter space, improve screen positioning and create a more professional setup for retail, hospitality and service environments.

Features

9kg per Screen Capacity

Provides strong and dependable support for compatible displays weighing up to 9kg each.

Clean Cable Management

With internal cable routing built into the column, helping conceal and organize power and display cables.

POS & Printer Support

Accommodates compatible POS terminals and receipt printers for a more flexible, all-in-one workstation setup.

Versatile Use

Ideal for retail, hospitality, reception and service counters, providing a flexible POS setup that adapts to different environments.
