

The **The Brateck STB-081 Height-Adjustable Stand** combines ergonomic comfort, reliable strength and space-saving functionality for modern workspaces. Featuring three adjustable height settings, it allows users to customise their setup for better viewing comfort and everyday productivity.

Three-Level Height Adjustment

Allowing users to elevate their monitor or laptop to a more comfortable viewing position and customise their workstation.

Open Ventilated Design

Features an open-frame construction that promotes natural airflow around laptops and other devices, helping heat dissipate more effectively.

Heavy-Duty Support & Durable Steel Construction

Featuring sturdy steel construction and a scuff-resistant matte black finish for reliable stability, lasting durability and a clean, modern workspace.

20KG WEIGHT CAPACITY

SUPPORTS UP TO 32″

Multi Scenario Usage

Ideal for offices, home workstations, study areas and gaming setups, offering a practical, height-adjustable platform for monitors and laptops.
