

Brateck

Instant Ergonomic Comfort at Every Height.

GAS SPRING MONITOR ARM

The **Brateck Slatwall Gas Spring Monitor Arm** design maximizes desk space while providing flexible, ergonomic viewing angles. Perfect for dynamic work environments, this monitor arm helps users achieve a cleaner, more organized, and comfortable workspace with smooth, tool-free monitor positioning.

Space-Saving Slatwall Integration

Designed for integration with Brateck slatwall workstation systems. Mounts directly to the slatwall structure, freeing up valuable desk space and creating a cleaner workstation.

DESIGNED FOR INSTALLATION WITH **MABT-SW01-3**
+ **MABT-SW02-3** AND **MABT-SW01-3** + **MABT-SW02-4**.

MABT-SW02-4 + **MABT-SW01-3**

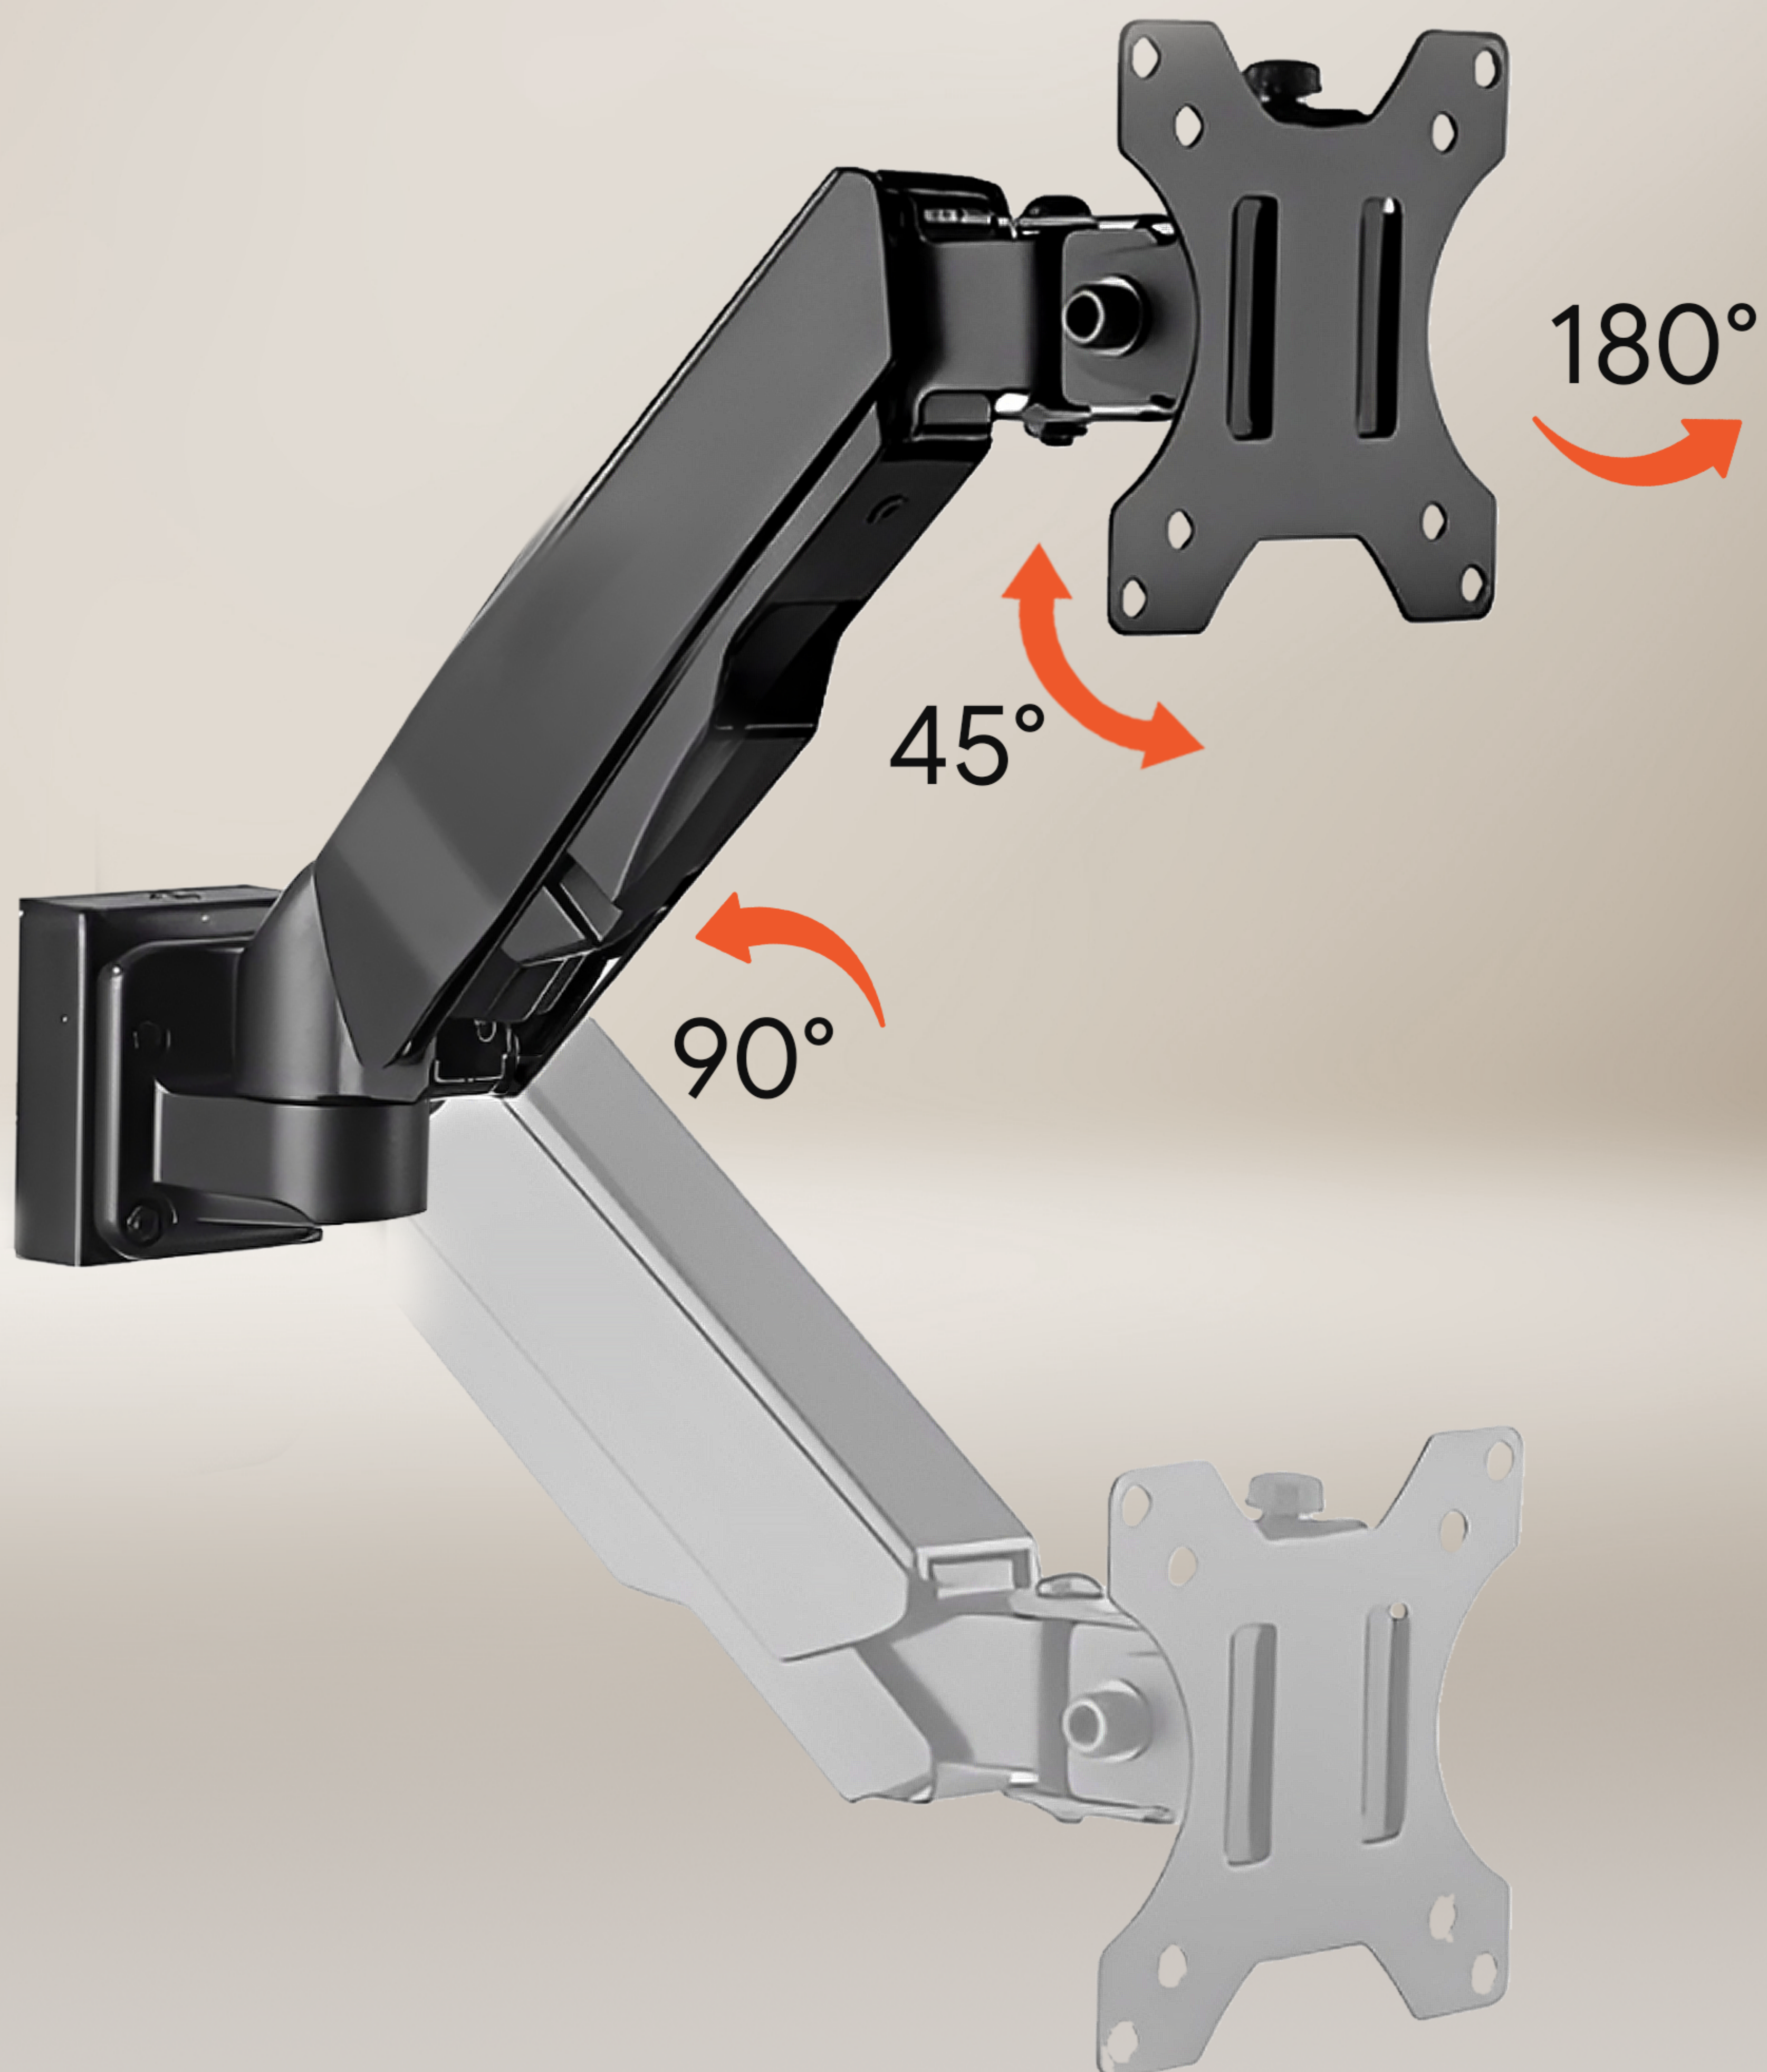

MABT-SW01-3 + **MABT-SW02-3**

Full Motion Flexibility

Features tilt, swivel, and rotation functions for versatile monitor positioning. Provides a wide range of movement, allowing users to customize viewing angles and switch between landscape and portrait orientations.

Built-In Gas Spring & VESA Compatibility

Features a built-in gas spring mechanism for smooth monitor adjustment and supports standard VESA mounting patterns for broad monitor compatibility.
