Brateck

A Flexible Display Solution for Professional Spaces.

MOTORIZED TV CART

The **Brateck TTL14-68TW-BLK Deluxe Motorized Large TV Cart** provides a stable and adaptable display solution for corporate meeting rooms to educational institutions. Complete with a height-adjustable camera mount, dedicated equipment shelf and integrated cable management, the cart brings essential conferencing and presentation equipment together in one streamlined setup.

Powerful Dual-Motor Height Adjustment

Features a heavy-duty dual-motor lifting system that smoothly raises or lowers large displays, allowing users to achieve a comfortable viewing height.

Convenient Wireless Remote Control

Includes an RF remote control with memory functionality,
allowing users to adjust display height conveniently and
return to preferred viewing positions.

PROGRAMMABLE MEMORY PRESETS

Flexible Manual Tilt Adjustment

Allowing users to fine-tune the display angle for improved visibility and reduced unwanted glare.

Integrated Equipment Mounting & Easy Mobility

Features a height-adjustable camera mount and equipment shelf, each supporting up to 5kg, along with heavy-duty locking casters.
