

Anti-Theft Tablet VESA Adapter Clamp

Secure Tablets. Work Smarter.

The Brateck Anti-Theft Tablet VESA Adapter Clamp (MPBT-PAD29-01-B) is designed to mount 7.9-12.5" tablets onto any VESA-compatible arm or stand. It frees workers' hands, reduces strain, and locks your device securely in retail, hospitality, and office environments.

Versatile Mounting

Compatible with 7.9-12.5" tablets and VESA 100x100/75x75 arms for maximum flexibility.

Anti-Theft Security

Built-in locking hole deters theft and secures your device in public-facing environments.

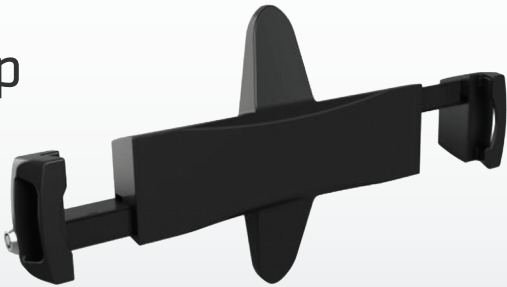

Ergonomic Comfort

Mounting tablets on arms eliminates hand strain and improves posture for daily workflows.

Anti-Theft Tablet VESA Adapter Clamp

Keep Cables Under Control.

Optimizes ergonomics for tablet use in standing or seated positions, while locking hardware secures the device in retail, food service, hospitality, and office settings.

Features

Adjustable Mounting Panel

Grabs tablets firmly between 7.9–12.5 inches, accommodating a wide range of devices including iPads and Android tablets.

Anti-Theft Locking Hole

Accepts a standard padlock (sold separately) for physical security, ideal for retail counters, kiosks, and hospitality setups.

VESA Compatible

Works with standard VESA 100x100 and 75x75 monitor arms, poles, and wall mounts for versatile positioning.

Wide Tablet Compatibility

Fits most 7.9–12.5" tablets including iPad, iPad Air, iPad Pro, and comparable Android devices.

Sleek Modern Design

Low-profile black finish blends into contemporary retail and office interiors without visual clutter.

Ergonomic Positioning

Elevates tablets to eye level when paired with a height-adjustable monitor arm, reducing neck and shoulder strain.
